Residents, Families and Friends

UPDATE!!

Hi Everyone

We have finally got word from Public Health that they will be arriving tomorrow morning approximately 8:30 am to begin to PCR test all residents within their suite. This could be the best part of a day so residents timing will vary.

Please be advised that we have been told there could be longer wait time for results due to the rapid progression of Omicron within our Community.

Follow up communication will be sent when all results are received.

Or anything Public Health communication advice.

Thankyou for your cooperation

Micki McLean, General Manager

Dana Dudley, Director of Care
